

- SHEET STEEL CONSTRUCTION
- SWIVEL BRACKET TO ALLOW MOUNTING IN ANY PLANE
- POWDER COATED WHITE RAL9016
- SUPPLIED WITH FIXINGS TO SUIT DOOR HOLDER

The extension bracket enables Salamander and Agrippa door holders to be used when there is no convenient wall to directly fix the holder to. Mounting on the nearest wall or ceiling, the bracket comes complete with suitable fixings for the Salamander and Agrippa door holders, and in three lengths to suit the specific location.

Size (mm)	Part number	Fitted distance (wall to the door)
200	2-34-9058-S001	350
300	2-34-9058-S002	450
500	2-34-9058-S003	650
