

STEPHENSON GOBIN

REACH COMPLIANCE DECLARATION

Stephenson Gobin Limited is fully aware and understands the aspects and impacts of the EU and UK regulations on the Registration, Evaluation and Authorization of Chemicals (REACH) and the candidate list of 233 substances of very high concern (SVHC). This relates to the update of 17th January 2023 covering ANNEX XVII (Testing for Restricted Substances) and ANNEX XIV (Authorisation List).

Stephenson Gobin Limited is classified as a Downstream User. We are therefore not required to register or pre-register any materials supplied, but we are obliged to get confirmation that our suppliers are REACH compliant.

On investigation our suppliers can also be classified as Downstream Users and we have written statements from them that confirm that their suppliers have pre-registered and are therefore REACH compliant.

On this basis the equipment manufactured by Stephenson Gobin Limited is REACH compliant and contains no hazardous materials.
